## Presidential Message

### Dear colleagues and clinic owners:

The Board of Examiners would like to welcome and introduce our newest member Dr. James Gordon of Saraland, AL. Dr. Gordon is the new African American Board member who replaces Dr. Rick Herring. Dr. Gordon is a former member of the legislature from District 98 and we look forward to working with him on Board matters and also to his helping us to better understand legislative matters as it relates to the Board.

The Board of Examiners has been working over the past year on a rewrite of the Practice Act to modernize the language of the scope as well as change reciprocity to credentialing and to include permit holder language to all sections of

the code. The language basically allows DC's licensed in this state to perform all services they were taught in accredited Chiropractic Schools. The credentialing process allows for a more updated process to evaluate applicants from other states wishing to obtain an Alabama license. The rewrite addresses the subpoena powers of the Board but there is no change in the Board's usage of subpoenas as it relates to the practice of Chiropractic in this state. The final part of the rewrite addresses the issue of permit holders and makes them accountable to all aspects of the code. The legislative session is currently underway and many health related agencies have

## Attention ASCA Members

**An ASCA meeting has been scheduled for April 2, 2011. The purpose of the meeting is to obtain a member vote regarding the Board's 2011 Proposed Legislation. The meeting will be held at 1:00 PM April 2, 2011 at the Montgomery Country Club located at 3001 Narrow Lane Road, Montgomery, AL 36106. Please make plans to attend and voice your support. If you have questions concerning the proposed bill please call the Board office at 800-949-5838.**

bills either attempting to expand their scope or update their scope of practice. The physical therapists, podiatrists, massage therapists, and psychologists are all looking at changes or modifications to their scopes. The PT scope change is probably the most radical of all of these with provisions for direct access as well as limiting physical therapy, physiotherapy type services to only be advertised or performed by PT's. I encourage all of you to contact your legislator to express your concerns with these matters as they have the potential to affect the way many of you practice in the state by restricting physical therapy available to chiropractic patients. I also encourage you to speak with the ASCA on these matters to voice your concerns.

## Alabama's Child Support Law and Licensure

Please see below for recent changes in Alabama's Child Support Law as it relates to licensure.

### *The Code of Alabama 1975*, Section 30-3-174

“(a) Upon receipt of a notice from the Department of Human Resources or its agent to withhold, restrict use of, suspend, or revoke a license, a licensing authority shall implement the withholding, restricted use, suspension or revocation of the license by doing the following:

(1) Determining that it has issued a license to the obligor whose name appears on the notice.

(2) Entering the suspension or revocation on the appropriate records.

(3) If required by law, demanding surrender of the suspended or revoked license.

(b) A notice issued by the department or its agent to withhold, restrict use of, suspend, or revoke a license shall be processed by the licensing authority without any additional review or hearing by the licensing authority. The licensing authority shall have no jurisdiction to modify, reword, reverse, vacate, or stay the decision of the department or its agent.

(c) Any decision issued by the department or its agent to withhold, restrict use of, suspend, or revoke a license continues until the department or its agent advises the licensing authority that the decision to withhold, restrict use of, suspend, or revoke has been stayed or is no longer in effect. While the department's decision is in effect, the licensing authority may not issue, reissue, or renew the obligor's license.

(d) The licensing authority is exempt from any liability to the licensee for activities conducted in compliance with this article.

## Disciplinary Actions

**Leroy Curtis Russell, DC** (Montgomery, AL) License #1762 Consent Order dated February 4, 2011 assessing fines and costs of \$1,000- guilty of violating two (2) counts of §34-24-166(b)(12).

**Houssain, Anthony, DC** (Madison, AL) License # 1995 Consent Order dated March 30, 2011 assessing fines and costs of \$2750- guilty of violating one (1) count of §34-24-166(b) (13) and guilty of violating one (1) count of §34-24-166(b)(14).

## Welcome to our Newest Board Member

The newest member to the Board is Dr. James O. Gordon. Dr. Gordon is a resident of Mobile County. He was in the United States Navy from 1982-1985.

After his service in the Navy Dr. Gordon began college and graduated from what is now Life University in 1995 with a Doctorate in Chiropractic. Dr.

Gordon is a former member of the House of Representatives, representing District 98. He was elected in 2006 and served until 2010. He now owns and operates several clinics in South Alabama. Dr. Gordon will be a great asset to the Board.

## 2011 Proposed Legislation

Much has changed in the healthcare field in 52 years, including chiropractic education. However, the chiropractic scope of practice in Alabama has not kept pace with the advances made in the field of chiropractic.

For this reason, the Board has decided to move forward with legislation that helps clarify and modernize our scope to provide you more tools to treat the musculoskeletal system - tools that you are already trained to use. As a safeguard to the profession and to the patients you treat, the Board will require additional training for those chiropractors who wish to utilize these advanced treatment tools.

On the other hand, if you want to continue practicing the way you currently do, the legislation will not affect you in any way. The choice will be up to you.

Additional changes will be made to the Code in relation to the way the Board operates and licenses, including clarifications for "permit holders" and clarification of already-granted subpoena powers.

We are working hard to protect the practice of chiropractic and expand access to health care at the same time. With the mandates of Obamacare right around the corner, more people will have insurance, but there will be fewer medical doctors to provide care. Therefore, the need for chiropractic will be even greater. We feel that if you choose to use them, you'll need the right tools in order to treat those seeking your services. That's why we're promoting these changes, which we believe are both reasonable and necessary.

If you have not had a chance to read the proposed legislation, I ask that you do so before you form an opinion one way or another. If you have any questions, please feel free to contact the Board office or discuss the measures with any other Board member. (The full text of the proposed legislation was emailed to you on March 25.)
